

Appendix C: Oral HPV Risk Factor Survey

This survey will ask you about your background, including tobacco use and sexual behaviors. Some of the questions are very personal. Some of the questions may be difficult for you to answer or may be hard to remember. If you cannot remember exactly, please make your best estimate. Please take as much time as you need and answer all questions honestly.

All of your answers are strictly confidential. Your responses to the survey will not be linked to your name or your medical record, and will only be identified by your study ID number. Only the principal researchers involved in the research will have access to this information. This information will **not** be released to anyone else at any time for any purpose.
