## QuickPoll

### [Cleft Lip and/or Palate](#)

Cleft Lip and/or Palate (CL/P) is the most common congenital craniofacial anomaly with an incidence of 1 in 700 live births. In the United States, 2650 babies are born with a cleft palate and 4440 babies are born with a cleft lip with or without a cleft palate each year. Dentists play a pivotal role in the continuum of CL/P care.

Please take a few moments to complete this [5-question Quick Poll](#) to help us determine if this would be a possible future study in the Network.
