Do you use a film-based or digital radiographic system for intra-oral radiographs?

Several studies have indicated the advantages and disadvantages of digital over analog radiographic imaging modalities. Therefore, we would like to learn more from you regarding the radiographic system currently implemented in your office.

Please complete this **5** question poll regarding the radiographic system that you use in your practice.

Thank you for taking time to respond. We will keep you posted about the results of this quick poll. Your response will help determine whether to consider this for a network study.

**To access the poll, go to "Radiology Quick Poll" under Quick Links on the left hand side of this email.**

**Poll closes October 5th!**
