

JOIN THE MORE THAN 7,000 DENTAL PROVIDERS WHO ARE IMPROVING DENTAL PRACTICE THROUGH RESEARCH

The National Dental Practice-based Research is a network of dental providers and researchers. While principally dedicated to the oral health care of patients, dental providers participate in research done in and about daily clinical practice, generating the best evidence for the prevention and treatment of oral diseases.

WHY SHOULD YOU JOIN THE NETWORK?

- It's free
- Receive research information that is free from bias and based on evidence
- Participate in studies relevant to you and your patients
- Free continuing education (CE) credits
- Collegial interactions with fellow network members
- Practitioners and patients' compensation for study participation
- Receive newsletters and other information about practice-based research

HOW DO YOU JOIN?

Joining the network is simple.

Go to www.nationaldentalpbrn.org/become-a-member or scan the QR code
Click on 'Enroll Now' and complete the 15-minute questionnaire to tell us about you and your practice.

Contact us at NationalDPBRN@uab.edu
