

### ***List of journal titles in which the network has published***

The network has published its research in a total of 74 different peer-reviewed scientific journals. These journals comprise a wide range of scientific disciplines.

In the early years of the network, the *Texas Dental Journal* and *Northwest Dentistry* also asked to re-publish several network articles. However, we did not count those as peer-reviewed publications. Instead, we included them in the list of **non**-peer-reviewed articles. Unfortunately, some non-Network investigators cited these secondary sources instead of the original articles, so we have since stopped re-publishing any of our articles.
